

**3717 : Tape measure radial**

New range of sturdy tape measures with bi-material chrome/rubber casing for optimum resistance to shock and easy grip.

Precision class: II.

Hook fastened by 2 rivets on 16 and 19 mm wide tapes and 3 rivets on the 25 mm tape, for heavy use. Very sturdy. Shock resistant thanks to its bi-material chrome/rubber casing. Excellent handling. Locking button for maximum comfort of use.

Built-in belt clip.
