

Vacuum feeders, series NVS - NVR

Applications :

The vacuum feeders in series NVS and NVR allow distribution of the vacuum in 4 to 8 channels by a simple unit.
The inputs in 8/10 and the 4 or 8 outputs in 6/8 noticeably decrease head losses.

Specifications :

	NVS 4	NVS 8	NVR 4	NVR 8
Weight	100g	200g	50g	100g
Body material and colour	PA 6.6 - 30% fibreglass - black			
Coupling material	Nickel-plated brass			
Type of tube	Calibrated polyamide or P.U.R.			
Operating pressure	Only for vacuum		Maxi vacuum and pressure 10 bars	

Dimensions and characteristics may be modified without notice.
